

Accessibility statement for Clearlines Advocacy's website

This accessibility statement applies to www.clearlinesadvocacy.co.uk

This website is run by Clearlines Advocacy. I want as many people as possible to be able to use this website. For example, that means you should be able to:

- zoom in on the page
- navigate most of the website using just a keyboard
- navigate most of the website using speech-recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS and NVDA)
- I have also made the website text as simple as possible to understand and made the site visual and easy to navigate.

How accessible this website is

I have ensured that our site is accessible for the different visitors it may receive.

I have included BSL translations where appropriate and also included the option to contact me via a Zoom or MS Teams call with my BSL Interpreter or direct to me Via WhatsApp video call

I have included various accessible contact options dependant on the visitor's preference.
